

# FREE Primary Training Event

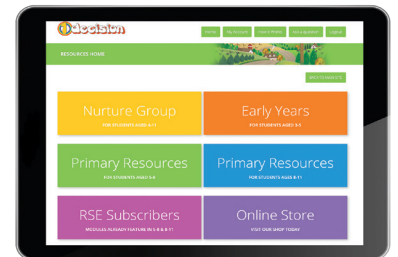

Delivered by the 1decision Team

Online training session via Zoom

Thursday 20th January 2022, 11am-12pm OR 3:45pm-4:45pm

This event is for primary teachers who would like to get more out of their subscription, and those involved in the preparation or delivery of 1decision.

Our fully kitemarked platform is consistently growing and here at 1decision we would like to keep you updated with new content and provide your staff with the support they may require to evidence progress for all students.

Delegates can:

- receive advice and support on tracking and evidencing student progress
- learn more about content and how to filter this into the setting
- discover our latest First Aid module and find out more about our upcoming assembly packs
- take part in a discussion to support future ideas for new resources

To book your place on our FREE training event visit:
