

Computer Safety

TOPICS: Image Sharing and Computer Safety Documentary- *Suggested for Year 2*

We have chosen to deliver this topic in year(s):

Year Intent

In Year 2, children deepen their understanding of technology and how it can be used safely and responsibly. They explore the positives and negatives of using technology and begin to recognise how what they do when using devices can affect others.

Pupils learn simple rules that help keep themselves and others safe and consider why these rules are important. They also develop their understanding of who they can ask for help if something online or on a device worries them.

Curriculum Links

Statutory RSHE Links

Online safety and awareness; Wellbeing online; Respectful, kind relationships; Being safe; General wellbeing; Personal safety; Caring friendships

Ask me a question!

What types of information can you share online?

Are there any types of images that you shouldn't share online?

How can you stay safe online?

Knowledge & Skills Progression

Image Sharing - Pupils should..

- identify the positives and negatives of using technology
- know who and how to ask for help
- list rules for keeping and staying safe
- understand how your online activity can affect others

Computer Safety Documentary - Pupils should...

- recognise that we should not share personal information online
- understand that we should be kind and respectful when using technology
- identify when it is important to ask a trusted adult before downloading apps or sharing images
- explain that people online may not always be who they say they are

I will learn the following new words/phrases:

I now know...

Permission	Allowing someone to do something.
Opinion	A view or judgement formed about something, not necessarily based on factor knowledge.
Rules	An instruction which tells you what you are allowed or are not allowed to do
Declaration	An important spoken or written agreement
