

Dear Parent/Carer

Your child has recently taken part in an assembly about The Little Princess Trust and how the charity helps children and young people who have lost their own hair due to cancer treatment or other hair loss conditions such as alopecia.

The assembly contained some sensitive content and your child may wish to discuss this with you.

We have provided your child's school with a document by the Children's Cancer and Leukaemia Group (CCLG). Please speak to your school if you would like a copy. Or alternatively, you can visit their website: www.cclg.org.uk.

The Little Princess Trust also funds vital childhood cancer research to find kinder, more effective, outcome orientated treatments. For further information on The Little Princess Trust, or to find out how you can support them, please visit: www.littleprincesses.org.uk.

If you have any questions regarding the content of the assembly, please do not hesitate to contact us directly.

Yours faithfully,

The 1decision Team
