

Personal Development Transition Quiz

An overview for teachers

Personal Development Quiz Overview and Questions

The Personal Development Quiz provides schools with the ability to quickly assess and gather data on their pupils' knowledge through a sequence of multiple-choice questions.

This quiz is split into two short parts, with questions covering 12 areas of Personal Development, closely linked to PSHE and RSHE.

Below are all the questions your pupils will be presented with; we estimate each part of the quiz will take roughly 20-25 minutes to complete. The multiple-choice answers are not featured in this document, however, they will be visible to pupils.

Once a pupil completes the quiz and submits their answers, the data collected will be available in the online dashboard. You can see a brief overview of results, full detailed results, and collective data too. The data is broken down into categories to support you in recognising any areas that may benefit from greater focus to help close the gap.

Quiz 1 - Keeping/Staying Safe

- Can you identify five job roles which exist to keep our community safe?
- Can you identify three safe actions from the list below?
- Can you identify four actions that help keep us and others safe?
